PROFILE

A computer engineering student at the University of KwaZulu-Natal that is enthusiastic about technology. I am a dedicated, versatile and highly motivated person. I have a profound knowledge in the information technology and computer engineering arena and strong technical skills in programming languages. I am keen to learn and am sharp at identifying and solving problems. I have gained substantial knowledge in the field of computer engineering which has given me a deep understanding regarding the design and implementation of projects, software development environments and considerable talent in achieving critical solutions.

EMPLOYMENT HISTORY

Vacation Work at University of KwaZulu-Natal, Durban January 2018 – May 2018

Tasked to create a web-based Design Project Management System, which helped the discipline of Electronic and Computer engineering make the selection of design projects an easier and more efficient process.

Part-Time Technical Support Consultant at iStore, Durban

January 2016 – February 2016

Worked as a technical consultant aiding customers regarding technical issues, mainly software related.
